What You'll Gain

📈 **18–40 new leads per month** — From Google searches, Maps clicks, and organic traffic. Based on 2,400+ monthly searches for "heating contractor" in Houston and a 2–4% website conversion rate.

💰 **$36,000+ in additional monthly revenue** — At ~$2,000 average job value, 18 new customers/month = $36,000/month in additional revenue.

🎯 **Page 1 Google ranking for local searches** — SEO delivers 19.9x return on investment vs 4.4x for paid ads. Unlike ads, organic rankings compound over time and don't stop when you stop spending.

📱 **88% of local mobile searchers call or visit within 24 hours** — A mobile-optimized site captures high-intent customers who are ready to buy right now. Your competitors are getting these calls today.

💪 **Competitive edge in Houston** — You have 223 reviews and a 4.7★ rating — that's stronger than most heating contractors in Houston. A professional website is the missing piece that turns those searches into calls.

⏱ **ROI within 1–2 months** — Just 3–4 new customers from your website covers the entire project cost. Everything after that is pure profit.
