What You'll Gain

📈

18–40 new leads per month — From Google searches, Maps clicks, and organic traffic. Based on 5,500+ monthly searches for "dentist" in Austin and a 4–6% website conversion rate.

💰 **$14,400+ in additional monthly revenue** — At ~$800 average job value, 18 new customers/month = $14,400/month in additional revenue.

🎯 **Page 1 Google ranking for local searches** — SEO delivers 19.9x return on investment vs 4.4x for paid ads. Unlike ads, organic rankings compound over time and don't stop when you stop spending.

📱 **88% of local mobile searchers call or visit within 24 hours** — A mobile-optimized site captures high-intent customers who are ready to buy right now. Your competitors are getting these calls today.

💪 **Competitive edge in Austin** — You have 143 reviews and a 4.9★ rating — that's stronger than most dentists in Austin. A professional website is the missing piece that turns those searches into calls.

⏱ **ROI within 2–3 months** — Within 2–3 months, the website pays for itself. After that, every new customer from Google is revenue you weren't getting before.
